How to Play Big Two:

Each player is dealt 13 cards and plays them using valid combinations. Valid combinations in this game are one card, two cards (a pair), and five cards. The ranking of the cards is $3 < 4 < 5 < 6 < 7 < 8 < 9 < 10 < J < Q < K < A < 2$. If two cards have the same number, then the winner is the card that has the highest suit. The rank of suits for this mode is Diamond (♦) < Club (♣) < Heart (♥) < Spade (♠). For example, $10♥$ beats $10♣$, or $J♦J♠$ beats $J♣J♥$. The ranking of five-card hands is Straight < Flush < Full House < Four of a Kind < Straight Flush. The game ends when one player has successfully played all 13 cards in their hand.
